May 1, 2020	TBA

Information

California School for the Deaf, Fremont is thrilled to provide space for families with Deaf children to come together on a weekly basis. Everyone is welcome to bring their children and attend our family education workshops. There are sixteen morning workshops and five evening workshops altogether. A series of four workshops are provided for each category: Deaf Culture and Deaf Community (yellow column), Language and Literacy (blue column), Social-Emotions and Behaviors (red column), and Advocacy and Inclusion (green column). Morning workshops take place on most Fridays from 10 am to 12 pm. Evening workshops take place on five Fridays from 6 pm to 7:30 pm. Childcare is provided. ASL, English, and Spanish interpreters will be present. We are excited about welcoming your family to our communities and systems of support!

Since school is still in session, families will need to leave the building promptly at 12 pm so that students can use the building and the playground for learning purposes. We encourage you to have your weekly playdate at the Dream playground across the street from CSD right after the workshop. Bring your own lunch and continue mingling! Some presenters might join the fun, too!

Perks

If you attend all workshops within a category, you will get a certificate of completion in that specialized area (e.g. Deaf Culture and Deaf Community) from the ECE department. If you attend 15 workshops in total (either morning and/or evening), you will get a \$50 discount to the Family Fun Weekend in springtime!

Contact

If you have any questions or need any type of support, please don't hesitate to contact CSD family educator at lholcomb@c sdf-cde.ca.gov.
